SCRIPT FOR ADVISING VIDEO

WHAT ARE YOUR GOALS FOR YOUR ACADEMIC AND PERSONAL FUTURE?

HOW DO YOU PLAN TO ACHIEVE THEM?

This video will give student and advisor testimony about the benefits of advising as you consider these crucial questions. You are investing time and money, so having a plan to keep you on track is essential, whether you plan to graduate from Georgia Perimeter College or transfer to a four year institution.

A faculty advisor can help you set and reach these goals by

- reviewing your choice of major and your academic progress.
- showing you how to use a Program of Study, Program Maps, Plan for Success and DegreeWorks.
- discussing resources for career possibilities.
- making referrals for additional help such as the Learning and Tutoring Centers, Financial Aid, etc.

Of course, your success is your responsibility, but you should be assured that GPC provides many opportunities for student support and student success.

Faculty advising is one of your primary opportunities to make a connection with someone who cares about your academic success and has the expertise to mentor you.

You can ask any faculty member to be your advisor. This is not a formal process but the establishment of a mutually beneficial relationship. YOUR SUCCESS IS GPC’S SUCCESS

Now, let’s take a few minutes to hear what students and faculty advisors would like you to know about advising.
