The grade scale for the Georgia Perimeter Dental Hygiene Program has been revised and will take effect at the beginning of the Fall Semester, 2009. The following grade scale will apply to all of the courses included in the professional curriculum for the Dental Hygiene Program:

- 100 – 92 = A
- 91 – 82 = B
- 81 – 75 = C
- 74 and below = D

This change has been implemented to align the Georgia Perimeter Dental Hygiene Program grade scale with the National Board Examination and the Central Regional Dental Testing Service licensing examination grading scales which require candidates to attain a minimum score of 75 for successful completion/passing.

Please note that as a result of this change, any student who earns a course grade of 74 or below will be dismissed from the Dental Hygiene program.
