ENGLISH DISCIPLINE
COURSE COMMITTEES
2014-2015

These committees are the primary coordinating and recommending bodies for our curriculum. Meeting at least once each semester, these committees must conduct a regular review of textbooks, common course outlines, and sample syllabi as well as implement the course-based assessment program according to regulations. Each committee should also establish a liaison to Georgia State University, the University of Georgia, and other Regents’ institutions for the purpose of comparing with our own the courses and instructional approaches used in other institutions. Committee members are expected to keep their campus departments fully informed of the deliberations of the committees and should assist the campus chairs in keeping their discipline’s course outlines and syllabi current.

ENGL 0099
Deborah Manson (co-chair)
Shane Bruce (co-chair)
