1.4) What comments or helpful suggestions can you share to help us improve service for students?

- Just keep doing what you are doing
- Able able to actually help students with what ever the students bring to be helped with or want to learn.
- All tutors are great!!!!
- Allow more time with tutor
- COMPUTERS ARE LIMITED SO HAVE SOME ELECTRICAL OUTLETS FOR THE MIDDLE TABLE FOR LAPTOP USE
- Clarkston campus is not as put together as Decatur campus tutorial.
- Clorox wipes!
- Compare to other LTCs, I believe everything is excellent.
- Computers
- EXCELLENT JOB, AND VERY HELPFUL.
- English tutors must realise that the students come to them for help as ignorants. Don't treat them like they know it all and rush them. Help them.
- Extend the time tutors spend with students
- GET BETTER WITH THE TIME OF GOING TO HELP PEOPLE BECAUSE BY THE TIME YOU GET TO THEM MOST LIKE IT TIME FOR THEM TO GO.
- Great job keep up the good works
- HAVE ENOUGH STAFF
- Have more people that speaks clear english.
- Have more tutors covering more subjects like astronomy, economics, history, and the more tutors avaible on campus the better students have help on passing their classes
- I ACTUALLY THINK EVERYTHING IS PRETTY OK.
- I DON'T THIN YOU GUYS NEED TO IMPROVE.
- I THINK EVERYTHING IS ALREADY UP TO PART.
- I WAS VERY IMPRESSED TO WITNESS DECATUR CAMPUS ENFORCING A DESIGNATED QUIET ZONE. I WOULD LIKE TO SEE OTHER LTC CAMPUS ACT ACCORDINGLY. IT IS SO IMPORTANT TO ALLEVIATE DISTRACTIONS WHILE PREPARING OR PRATICING FOR TEST. (SUCH AS THE REGENTS)
- I have been coming to the tutoring center in Decatur since I started here last January. I have received help in Math, Business and Psychology. I have no complaints.
- I have gone to Clarkston LTC for help they were heplfull, however, they need to do better with the waiting time. They are not as effitient as the Decatur LTC.
- I know some students need spanish, Economics tutors and also more Science tutors.
- I know there is space for me to write in the quiet computer lab, but if there were to be a quiet room that was just for studying with desks or tables, then I would be more motivated to get work done. The library is just TOO LOUD!
- I love LTC. No need for improvement.
I might want the LTC open longer on Fridays; and also open on Sundays.

I suggest that the Learning and Tutoring Center enroll more tutors for many other classes other than the four main criterias of learning: Math Science Social Studies and English.

I think in the area of Accounting & Stat it would be nice to have more than I tutor in the evening since they are so math detailed

I think that the Learning and Tutoring Center is doing a great job as is.

I think you should increase the hours of operations.

I wish all Learning labs could be set up this way.

IF I'M COMMING FOR HELP I NEED THE TUTORS TO KNOW AND UNDERSTAND THE EXAMPLE GIVEN. AND IT IS THE SAME TUTOR ALL THE TIME.

INCREASE YOUR HOURS OF OPERATION ON SATURDAYS AND SUNDAYS.

If tutors could spend more time with students, but I know their is not many tutors and alot of students. So maybe try to get more tutors.

If you would be open on Sundays

Increases the tutoring time

It would be great to have extended Saturday hours and Sunday hours at this campus. Traveling to the Dunwoody campus is inconvenience to the students at other campuses.

Jeff was my tutor, he was very, very helpful and caring.

Just keep doing what you do best in help Gpc students to their satisfactory.

Just keep doin what yall do best

Keep the standard and reputation to the highest point

Keep up the good work!!!!

Keep up the good works tutor and staff

LONGER TIME WITH THE TUTORS

LTC should not lack tutors in different course.

LTC staff are a great help to all students....

LTC staff does a great job

LTC staff is friendly and helpful. I wish the LTC is available on sundays.

Lab should be open later on Fridays'

Lab should be open longer on Friday

Let's open the doors on Sundays too. (2 Counts)

Longer hours of operation for Friday.

MORE TIME WITH STUDENTS

Make sure a tutor stays with a student no more than 15 minutes, because others are waiting.

Make sure the tutors do not spend more than 15 mins with a student.

May soon have to get a larger space to accommodate students.

Maybe have more native born americans for tutors for it is sometimes hard to understand non-natives.

More computers (2 Counts)

More days that or times that Accounting tutors are there

More time for tutoring or more tutors on hand
More tutors

Mr. Kwabena was my tutor. He was very maticulate in explaining formulas and problems. It really helped me to understand the problems better.

My tutor was Adriano, he’s the best! He is also the most honest! I left my TI-83Plus calculator in the lab, and by the grace of God he found it and turned it in. Thank you guys for being smart enough to employ smart people, as well as honest people.

N/A

NO NEED! (3 Counts)

Need more tutors with Statics background

Need more tutors, especially when the demands are high when the student to tutor ratio is 6to1

No improvement needed. Services are great!

No need!

None about the tutors but the LTC lab is too cold. Color printers should be provided to students and charges assigned. Sometimes one needs to print colored for projects, it is not available; so one has to drive out of campus to print in colors and by the time one returns, parking would be a problem. So if there is one available, we would pay to use it but at least, it is available in case it is needed.

None, because the LTC is great.

None. The LTC is very helpful.

PERFECT!

PERFECTO!

PERFECTO!!!

Provide more Chemistry and Math tutors

Providing more tutors for personal tutoring.

Some tutors have a better attitude about helping students than others. Some seem to be impatient.

Staff very friendly and helpful to all the students.

THE SERVICE IS SUBPRUB!

The LTC does a great job, there is always room for improvement

The Older tutors can be a bit more patient and not rush you through the explanation. You are not looking for them to do the work for you but give a thorough explanation.

The computer work stations are too compact they need to be a bit bigger so that one can use the computer as well as books as needed.

The staff are always ready to assist as soon as you come through the door....

The tutors are great! Always willing to help!

The tutors can be more helpful with whatever the students bring for assistance or help.

The tutors did a great job

They’re very helpful to me in my math studies. The people in the center help me see a better way to approach a math problem, that might have taken me much longer to do.

Tutors are very professional. Keep it up!!!!!!!

Tutors need to watch their negative comments about other students when they feel no one is listening or around. One Tutor even told me while they were tutoring me that a particular student gets on all their nerves this is completely unprofessional.

Very wonderful and helpful program I have been able to pull up grades by coming to the LTC Lab Especially in math and I enjoy having this available to me

We need help on take home tests.

We need longer time with the tutors.
The time on Friday should be extended since we have classes late in the evening and need help the same way as Monday to Thursday.

- We need more time with the tutor's.
- **YOU SHOULD INFORM STUDENTS ABOUT ANY PROBLEMS SOONER.**
- You all are great
- You are all doing a great job, thank you for being here.
- You guys are doing great--keep up the good work!
- good
- great! experience and very helpful.
- hire more tutors so one on one time won't be so limited
- **i AM SATISFIED WITH THE SERVICE**
- i think everything is okay except that we need a Spanish tutor.
- just spending more time
- let the tutor stay with the student for one hour at a time
- more classed for graphing calculator
- more quiet areas to speak with your tutor would be helpful. However the set up is very nice for someone to be able to assist us.
- more time with tutor (2 Counts)
- more time with tutor
- more tutorial time (3 Counts)
- more tutoring time
- need more time with tutor
- need more time with tutor at a time
- needs at least 2 tutors per period, especially for accounting.
- none (3 Counts)
- nothing
- they are always helpful and friendly
- tutor needs to stay with student one hour
- tutoring is good... only problem is that the tutors don't actually help as much as Clarkston

Please explain your answer to the previous question:

- Always encourage students to visit LTC

- **BECAUSE THE TUTORING PROGRAM CAN HELP STUDENTS ACHIEVE THE GRADE THEY NEED FOR A PARTICULAR CLASS.**

They answered all my questions and did some examples for me.

They found a way for me to understand the chapter better

They were very helpful

Tutors, attitude are unprofessional I have heard on many occasions them insult and about the students they tutor in negative ways. This behavior is extremely disappointing, because as a student I know students need help and if they feel that there being talked about or looked upon as if there stupid they want to go to the lab for help. This should be evident because in many of my classes where I decided to go for help I currently have a "A" average because I asked for help, but this unprofessionalism displayed by the tutors needs to stop if they have something to say negative about of the students they tutor take it home or find a new job.

Using the learning center has been quite helpful for me and I plan on using it until I graduate from GPC...thanks for all the help I received

Very helpful.

WHY WOULD YOU WANT TO BE ANYWHERE ELSE THAN LTC AT DECATUR?

WITHOUT THE LEARNING CENTER I WOULDN'T UNDERSTAND THE MATH

When I used to go in LTC at Dunwoody, I did have good results on my physics class, so I can suggest to anyone who have problems with anything to try it.

YES, I RECOMMEND ANYONE THAT NEEDS HELP TO GET IT FROM HERE IT'S THE BEST AND IT'S HERE FOR US TOO USE.
