Note: This chart excludes Health Sciences: Health Information Administration (HLHI) which was not classified as a separate major in Fall 2010. From Fall 2011 to Fall 2012 declared majors increased from 281 (1.04%) to 754 (3.19%), ranking behind Psychology in popularity. This major is intended to be part of a 2 + 2 program with Georgia Health Sciences University. Students may be confusing this major with the newly authorized degree program in Health Informatics, which has not yet been implemented.
