Learning Support Committee Minutes

The Learning Support Committee met on September 19, 2005, on the Clarkston Campus. Members present were Ann Crowson, Calandra Davis, Andrea Hendricks, Sandee House, Jean Millen, Dennis Russell, and Emily Whaley.

The committee reviewed the departmental exams for Math 97 and Math 98. Changes were made to align the exams with the revisions made to the Teaching Guides effective Fall 2005.

Jean Millen and Ann Crowson will type the new exams and distribute to committee members to proof. After any needed corrections are made, files will be distributed to the math department secretary of each campus no later than September 30, 2005. These exam versions will be used for the half-semester classes and full semester classes Fall 2005.
