1. Respondents:
   Mary Ellen Davis, Mary Sue Hall, Larry Hardy, Bob Koff, Margie Lewkowicz, Laura Lowrey, Virginia Parks, Larry Powell, Gerri Pringle, and Ming Her.

2. Five Year vs. Three Year Assessment:
   On the question of assessing Math 2030 every three or five years; those responding preferred a five year assessment time frame. Five votes for 5 years, one vote to defer to the committee’s wishes and 4 no replies.

3. Prerequisite Wording:
   On the question of the wording of a prerequisite statement; after much input and debate those responding preferred “successful completion of a college level math course”. That is a “D” or better in Math 1101 or Math 1111 or any comparable course transferred in from another institution. Eight out of the ten committee members preferred this statement.
