CHARGES

List the committee charges for the year and indicate the progress of each charge.

1. Plan an assessment of Differential Equations. Specifically, discuss if there is a way to get enough data to make reasonable conclusions.
   An assessment is written and will be administered Spring 2006

2. Finish analyzing the data from the Linear Algebra assessment. Make recommendations based on the data.
   Data was reviewed and a new line about students needing to have knowledge of technology was added to the teaching guide as a result.

   The search was completed as noted above.

List any committee specific charges for the next academic year.

1. Review the results of the Math 2652 assessment.

2. Create a teaching guide for the alternate textbook and review the teaching guide for the default text.
