Student Activities 2005-2006

1) **Campus** – Rockdale

2) **Math Club** - We do not have a math club at this campus

3) **How do you recognize your outstanding math students?**
   
   We honor an outstanding math student at the Rockdale Honors Banquet

4) **What activities besides the AMATYC SML test, does your department have for students?** For example, calculator workshops, question of the month contest, special speakers, field trips.
   
   We do have calculator workshops for our students but those are not done by our department, the ISS lab does them. The AMATYC test is all we do.
